

Who we are

With over 18 years of experience in the glass & aluminium Industry, Nu-lite Balustrading is considered to be the market leaders in the supply & Installation of Glass balustrading products.

From its inception to 2006, Nu-Lite Balustrading has completed work with an estimated value exceeding \$27 million and will add another \$6 million in the coming year.

We service both the domestic and commercial sectors and have recently introduced stainless steel products to our products range.

Our Mission

Nu-lite Balustrading will strive to remain market leader and continue to be a professional balustrading company, committed to providing a quality product that conforms to all relevant safety standards & backed by a 7 years Guarantee.

History

Nu-Lite Balustrading was established in 1998 as a new division of Nu-Lite Windows as a way of value adding to an already made client base. Turning over approximately \$30,000 per month in its infancy in a domestic role through the acquisitions of some key personnel quickly grew to a multi million dollar business completing major projects for builders such as Mirvac & Bovis Lend Lease.

The business changed hands and was incorporated in 2003 with key personnel now taking ownership in the business together with a major glass supplier. Its growth has steadily continued now having completed in excess of 40 major commercial projects.

What we offer

Demonstrated track record

Completing 15 consecutive major projects for Mirvac Construction in the past 8 years is a testament to our quality, service, our ability to meet construction program and integrate with other trades.

Long-term relationships

- Mirvac – 15 Major Projects
- Bovis Lend Lease – 3 Major Projects
- L.U. Simons – 4 Major Projects
- Probuild – 3 Major Projects
- Qanstruct – 6 projects
- Hickory Developments – 5 Major Projects

Experienced people

Nu-Lite prides itself on the quality and professionalism of our employees. We have staff with many years of experience in Glass, Aluminium, Stainless Steel and Engineering allowing us to provide cost effective solutions for design and construct projects.

Research & Development

Over the past 8 years utilising our experience we have been able to develop new balustrade and privacy screen systems which exceed all relevant Australian Standards.

OH&S Management

We are committed to developing and maintaining a strong safety culture in all aspects of our business. We have developed a comprehensive safety plan and conduct compulsory training and induction programs for employees & subcontractors.

Industry Affiliations

Nu-Lite Balustrading is proud to be a member of SPASA (Swimming Pool & Spa Association) and complies with and supports the Victorian Building Industry Agreement (VBIA) maintaining a healthy relationship with Unions and other authorities.

Our achievements

Nu-Lite has completed more than 40 major Commercial Balustrading projects and is considered to be the market leader in the supply & installation of Glass Balustrading in Victoria. Past and present projects include:
